- Optimised for use on the HP® FB™ Series Printer
- Suitable for Roll-to-Roll and Rigid Medias
- Developed for Mercury Vapour Lamps
- Good Gloss Levels
- Excellent Media Adhesion
- Supported by NUtec Digital's Ink Delivery System Warranty

OVERVIEW

Amethyst A50-HYB-FB is a premium quality Hybrid UV ink optimised for use on the HP FB Series of printers, that cures with Mercury Vapour Lamps.

The A50-HYB-FB bridges the gap between conventional rigid inks and roll-to-roll inks, providing the convenience of both in a single product.

Provided the inks are used in regular applications, using suitable substrates, the printed images will last for up to 24 months.
